

## What we do in the English Club

In February 2007, we made a film called "Just in Time".

It deals with two students who get bullied at school and we got the idea after a student ran amok at a US school in October 2006.

The special thing about our film is that you can choose what to do in order to influence the students' behaviour and to prevent them from going berserk. You have to act according to the situations of four different persons: A father, a mother, a teacher and a handicapped girl. In the end there are two good ends and two bad ends.

With this movie, we took part in the "Bundeswettbewerb Fremdsprachen".

Right now we're making this magazine which was started last term. We want other students to have fun with English.

After that, we're going to start rehearsing a play which deals with bullying at school. It's called "Allie's Class" and we're going to perform it at "Kultur am Mittag" in "Café Mitte" in July 2007.

**Everyone who is interested in acting in English is welcome to join the club and meet us on Wednesdays, 7<sup>th</sup> and 8<sup>th</sup> period in room 173.**

**Hope to see you soon!**
